8	12	373	38	110	103	94
9	12	327	60	108	154	44
10	10	291	-	114	114	79
11	13	361	63	172	64	69
12	12	347	97	112	85	54
13	11	364	65	52	95	76

Comment. The information does not indicate major changes in the rail freight traffic through Bad Schandau during the period from 1 to 13 September. The number of cars with crude oil again increased. Since, according to available information, a daily average of 70 carloads of crude oil was delivered from Austria during the first half of 1955, it can be concluded that part of the shipments was dispatched via Bad Schandau.
